FAQ's

Frequently Asked Questions

- ***What is the ideal container for preserving dehydrated products?***

An airtight glass jar is recommended for optimal preservation.

- ***What are the recommended storage conditions for dehydrated products?***

Store in a cool, dry place, free from strong odors and away from direct sunlight.

- ***Do DESIDRATA® ingredients need to be soaked before cooking?***

About 15 minutes if you wish to retain crunchiness, or several hours for a soft texture and to use the soaking water as a flavorful broth.

- ***Are DESIDRATA® ingredients suitable for vegetarian and vegan diets?***

Yes, both the DESIDRATA® Natural and Organic lines are suitable. They are also naturally free from gluten, lactose, colorings, and added sugars.
